

AI Receptionist

Quickstart Guide

LOCAL-FIRST

BYOK

24/7

Welcome to SoulTech's AI Receptionist. AI-powered call handling, lead qualification, and appointment booking — running on your infrastructure, not someone else's. Your 24/7 receptionist that never misses a lead.

How It Works (3 Steps)

1. **We deploy on your infrastructure** — local or cloud, your choice
2. **Connect your phone number and calendar** — bring your own keys, your own systems
3. **AI handles calls** — you get lead summaries daily

What You Get

- **Natural Conversation AI** — not a phone tree
- **Real-Time Lead Qualification & Scoring**
- **Calendar Booking Integration**
- **Multi-Language Support**
- **Voicemail with Intelligent Follow-Up**
- **CRM Integration**

Why It Pays For Itself

Missed calls are lost revenue — 68% of callers hang up on voicemail. **Receptionists don't work nights** — leads come in 24/7. **Staff turnover costs you \$4,000+** — replace the headache, not the person.
